Ordering information

Packing: We send orders in boxes of fixed size. Therefore plants may be trimmed back to fit sometimes.

Delivery (winter): We send to the UK, Channel Islands and Isle of Man only. (Due to Brexit, we no longer send to the EU or Northern Ireland). We send plants out in the dormant season: the best time of year to be planting. We are carbon-negative organisation, we store more carbon on our sites than we emit from all sources, including the carbon emitted by delivery companies delivering plants, books, seeds etc. For plants we use biodegradable/reused packaging.

On ordering, your order will go into a queue for delivery between November and March – we'll give you an estimate of delivery period. We can only send to "proper" postcoded addresses – not to fields, gateways, parks etc. Most UK orders will be sent by carrier although we cannot guarantee either the day or time of delivery.

Cancellation of plant orders: Please note, that after November 1st, plant orders that are cancelled will receive an 80% refund; and after 31st December, no refund. This is because the plants have been reserved for you and it is increasingly unlikely as the winter season progresses that we will be able to re-sell the plants hence we will entail losses on the order.

Basic Delivery Charges

It costs us the same to send one tree or ten, and most couriers do not want to transport either plants or long parcels, so we don't have much choice.

Basic delivery charge for most of mainland England, Wales, lowland Scotland: 12.5% of order value (minimum delivery charge £25.00)

(If you're wondering why delivery charges are at the level they are, it is because very few couriers accept plants at all, and those that do also charge a lot extra for longer parcels!)

If you only want a few small plants a small delivery rate may apply – please [contact us](#) for a postage quote.

Isle of Wight as above + £7.00; Central London /remote area surcharge as above + £2.00.

Channel Islands** as above + £16.00. Isle of Man as above + £16.00., Scottish Highlands & Islands*, Scilly Isles: as above + £20.00.

**Note we cannot send these genera to Jersey: Amelanchier, Chaenomeles, Crataegus (hawthorns), Cydonia (quinces), Eriobotrya (loquats), Malus (apples), Pyrus (pears) and Sorbus.as above + £2.00.
