Plant delivery

We send plants out in the dormant season: the majority of our plants are field grown and sold bare-rooted, which is more ecologically-sound than growing everything in pots.

On ordering, your order will go into a queue for delivery between November and March – we'll give you an estimate of delivery period. We can only send to "proper" postcoded addresses – not to fields, gateways, parks etc. Most UK orders will be sent by carrier – if you are not in then if deemed safe the plants will be left. It is essential we are given a telephone number to pass onto the courier so they can contact you if necessary.

UK Delivery charges:

Basic delivery charge for most of mainland England, Wales, lowland Scotland: **12.5% of order value (minimum delivery charge £21.00)**

Surcharges (added to basic delivery charge): Channel Islands + £15.00; Isle of Man + £15.00; Isle of Wight + £7.00; Northern Ireland + £5.00; Scottish Highlands + £20.00; Scottish Islands & Scilly Isles + £20.00; remote/congested area surcharge +£2.00.

If you only want a few small plants please [email](mailto:mail@agroforestry.co.uk) us for a postage quote.

European delivery charges (all subject to Brexit changes!)

BREXIT NOTE: We cannot take firm plant orders from other EU countries until a Brexit decision is made (or after 31 October 2019). Please just email us a list (to mail@agroforestry.co.uk) if you want to order and we will confirm as soon as we can.

We send out plants with a 'plant passport' which enables them to be sent anywhere in the EU (at least while the UK is in the EU!) We do not send plants outside of the EU apart from to Switzerland (so not to Norway, sorry). We have "fireblight buffer zone status" and thus are able to send apples, pears, hawthorns, medlars etc. to areas and countries free of fireblight.

The charges below for Zones A-E are examples per 10 kg carton (up to 20 x 20 x 200 cm) – approx 10 bare rooted fruit trees. Pot grown plants will be heavier. A delivery price based on weight will be calculated automatically if you order online. Orders to mainland Europe are sent by courier.

Deliveries usually take 3-10 working days from despatch. It is essential we are given a telephone number to pass onto the courier so they can contact you if necessary.
