Plant delivery

We send most plants out in the dormant season: the majority of our plants are sent or can be collected by arrangement between November and March. We sell and send some Mediterranean plants in summer (a separate Mediterranean plant list is released around June/July).

On ordering, your order will go into a queue for delivery between November and March – we'll give you an estimate of delivery period. We can only send to "proper" postcoded addresses – not to fields, gateways, parks etc. Most UK orders will be sent by carrier – if you are not in then if deemed safe the plants will be left. It is essential we are given a telephone number to pass onto the courier so they can contact you if necessary.

Since Brexit, it has become completely unviable for small nurseries like ours to send to the EU, Switzerland or Northern Ireland, so we can no longer do this. Sorry!

UK Delivery charges:

Basic delivery charge for most of mainland England, Wales, lowland Scotland: **12.5% of order value (minimum delivery charge £24.00)**

Surcharges (added to basic delivery charge): Channel Islands + £16.00 (Note we cannot send these genera to Jersey: Amelanchier, Chaenomeles, Crataegus, Cydonia, Eriobotrya, Malus, Mespilus, Pyrus and Sorbus); Isle of Man + £16.00; Isle of Wight + £7.00; Scottish Highlands + £20.00; Scottish Islands & Scilly Isles + £20.00; remote/congested area surcharge +£2.00.

If you only want a few small plants not including fruit trees please [email](#) us for a postage quote.

If you're wondering why delivery charges are at the level they are, it is because very few couriers accept plants at all, and those that do also charge a lot extra for longer parcels!

Seeds

All packets of seeds cost £2.50.

Seed delivery

Brexit has made the sending of seeds to the EU unviable at present so we can only send to the UK or other worldwide destinations, however please note we do not attach phytosanitary certificates and cannot be expected to check the import restrictions that many countries impose, so we cannot be held accountable for seeds refused entry.

UK: £4.50

Other international: £8.00 (up to £50 in value) / £15 (sent tracked for orders over £50 in value)
